INSTALLATION & MAINTENANCE

Prepare your surface: Floor must be clean, dry, and free of dust or grease

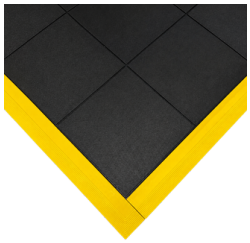

Place your mat: Click the tiles and edge pieces together to create the desired work area. For a secure assembly, apply a small amount of standard super glue to the connector heads before inserting them into the tiles and edge pieces.

Routine cleaning: Sweep or vacuum to remove dust and debris

Precaution for use: Use manual cleaning equipment only. Do not use ride-on floor cleaning machines.
